

Annual Membership Fee

As the start of the season is fast approaching, it is time for us to begin collecting our annual membership fees. Following a review of the club finances alongside an assessment of club costs for the upcoming season, the committee has decided that annual membership fees will remain in-line with last season. This decision has been made possible in part by the club securing Western Lettings as our club sponsor again for the upcoming season, alongside plans to pursue additional sponsorship & fundraising opportunities to offset some expected cost increases.

The committee can also confirm that match fees will remain at the same level as last season for all teams except for the 4th XI, whose match fee will increase by £1 per game to bring them into line with the 3rd XI, which contributes to covering the cost of an additional training session for both teams (1s – 4s: £6, 5s – 7s: £5). As previously communicated, match fees will also be able to be paid via Spond, as part of match selections.

In terms of the payment structure for adult hockey we will be keeping the same options available, with either the Phased-Payment option or One-Off Discount Payment option. All membership fees are due for payment to the club bank account (details below) by no later than the 30th September 2023, with any members wishing to take advantage of the One-Off Discount Payment option being required to make payment before this date. If using the Phased-Payment Option, the first payment is required by no later than the 30th September 2023. From there-on, the remaining payments, will be due on the last day of the following two months, October and November.
